Technical File:	DC-14261	
Test report:	RCT n° 4014220/E	

EU Type Examination Certificate

Date: 2021/12/17

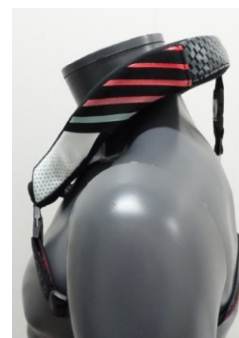

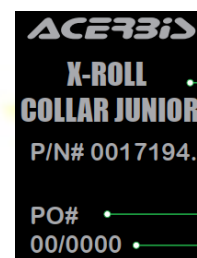

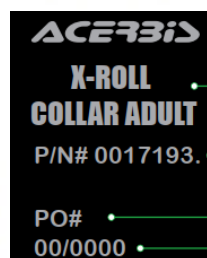

n. **154215001/OE**

Validity:
2026/12/16

Functions: To reduce injuries in case of accidents, by dissipating and diverting part of the impact energy away from the neck.

Marking: printed on different labels sewn on the protector that include the following information:

- CE Marking;
- name, address and website of the manufacturer;
- article name;
- pictogram referring to the intended use (motorcycling);
- date of manufacturing, material composition, care instructions, batch number etc.

NOTE: the Technical File contains a more detailed description of the PPE (material, method of assembly, photographs or drawings), performance data, safety functions and level of protection, elements of conformity to the basic and supplementary requirements. The Technical File is integral part of the present Certification, which has to be kept available by the applicant to be forwarded - upon request - to the entitled person (supervising body, Controlling Officer).
