### WARNING!

Follow mounting instruction exactly. Ensure that the mounting is secured before riding. These handguards will not prevent injury in the event of a crash. They are designed to protect the hands from cold weather. Be sure that you follow the instructions for mounting the handguards. Do not ride with a broken tie wrap. Check that the throttle and other controls are free every time you ride. Failure to heed instruction and this warning could lead to interference with the controls, loss of control of the motorcycle, and accidents. Acerbis recommends that installation must be done by a licensed mechanic and that only Acerbis' original parts are used during installation. Acerbis makes no guarantees or representations, express or implied, regarding the fitment of its product for any particular purpose. Acerbis makes no guarantees or representations, express or implied, regarding the extent to which its products protect individuals or property from injury or death or damage.
