

KAALET MTB BIKE STAND CAVALLETTO MTB KAALET

REV.1

ACERBIS PARTS

1
Assemble the base (A) with the supports (H), (I) and (B) using screws (L) and nuts (M).
Assemblare la base (A) con i supporti (H), (I) e (B) tramite viti (L) e dadi (M).

2
Insert the rod (C) and place the screw (G) without tightening.
Inserire l'asta (C) e avvitare senza stringere la vite (G).

3
Install the smaller hook (D) in the lower holes and the bigger hook (E) in the upper holes. Choose the desired fixing holes depending on the bicycle frame, then tighten the nuts (F).
Montare il gancio più piccolo (D) inferiormente ed il gancio più grosso (E) superiormente. Scegliere il foro di fissaggio in base al telaio della bici e successivamente bloccare i dadi (F).

VERSION 1
Place the bike's wheel (either front or rear) inside the bike stand.
Inserire la bici nel cavalletto, sia con ruota anteriore che posteriore.

VERSION 2
Place the bike's rear wheel inside the bike stand, then roll it vertically, lift the rod and place it on the frame with a spin. Lock the rod's height (C) by tightening the screw (G).
ATTENTION: This positioning version is for bike maintenance only, do not leave it unattended or change position after the maintenance.
Inserire la bici con la ruota posteriore ed alzarla verticalmente, alzare l'asta (C) e posizionarla sul telaio facendola ruotare. Bloccare l'altezza dell'asta (C) tramite la vite (G).
ATTENZIONE: assicurarsi che la bici sia in posizione stabile e non lasciarla incostituta nella posizione verticale, dopo aver eseguito la manutenzione.

VERSION 3
Put the bike on the bike stand, by placing the frame on the hooks. In this position, the rear wheel must remain lifted for maintenance. The bike can also be placed in the opposite position, with front wheel lifted.
Posizionare la bici sul cavalletto, appoggiando il telaio sui ganci, lasciando la ruota posteriore alzata per eseguire la manutenzione. La si può posizionare da entrambi i lati in base alle esigenze.

WARNING!

Use at your own risk. Acerbis recommends that installation must be done by a licensed mechanic and that only Acerbis original parts are used during fitting. Be sure that you follow the instructions installation for the Acerbis products. Do not use if there is missing or damaged hardware. If this is the case, take the item immediately back to your dealer. Lack of attention to instructions and warning could lead to an accident. Acerbis makes no guarantees or representations, expressed or implied, regarding the extent to which its products protect individuals or property from injury or death or damage.
