

ACERBIS CHAIN GUIDE APRILIA 0025518

0025518.090

FEATURES

The Acerbis chain guide provides impact resistance thanks to its high-strength plastic material.
It is made of two pieces: the body and the slide, the latter of which can be replaced once it has worn out, also allowing the chain not to have to be disassembled when replacing the slide or the chain guide itself.
Reduces oscillatory shaking of the chain

The controlled elasticity structure of the chain guide, absorbs shocks and minimizes damage to the chain and crown.
Crown and chain protection
Easily applied with Acerbis screws already included, taking advantage of the original housings on the swingarm
Transfer logo
Weight: 300g

PRODUCT DETAILS

95% Plastic | 5% Others

Made In: Italy
