

X-POWER FOR ROYAL
ENFIELD
0026694

0026694.090

FEATURES

Comprehensive Protection: Shields against wear, impact, abrasion, mud, sand, and debris.

Right-Side Coverage: Includes clutch cover guard, water pump protection, and lower cover.

Left-Side Coverage: Features ignition cover protection for enhanced durability.

Heat Resistance: Designed to withstand high temperatures, with multiple air vents to prevent overheating.

Easy Installation: Attaches using the original screws, ensuring a precise fit to the clutch and ignition cover.

Skid Plate Compatibility: Fully compatible with Acerbis skid plates for additional protection.

Lightweight Design: Weighs only 555 grams, minimizing added weight to your bike.
