

**BODY ARMOUR FLUX
AIR**
0026407

0026407.090

FEATURES

The Body armour Flux Air is made of highly breathable mesh fabric with incredible stretch and softness.
CE-certified D30 protectors provide excellent shock absorption. The strength of these protectors is that they provide flexibility and comfort without sacrificing impact performance or movement on the bike, but they harden instantly upon impact.
This protector conforms to the body, protecting against sudden blows while providing great freedom of movement, both in high and low temperatures, and maximum ventilation.
The elastic band connecting the back to the chest provides additional adjustment.

Internal protectors are removable for complete jersey washing.

DETAILS:

Breathability provided by the use of mesh fabric.

Chest, back, shoulder, elbow D30 protectors.

SBS side zipper.

EN 17092-6:2020 referring to Protective clothing for motorcyclists guaranteeing:

1) Impact energy absorption

**BODY ARMOUR
PLASMA KID**
0026315

0026315.318

FEATURES

The Plasma JR Body armour is a protector designed for children 7 to 12 years old, CE certified that offers excellent body protection against impact. This construction combines the lightness/action of a motocross body armour and the protection of a body armour. Featuring an innovative multilayer of soft materials with high impact absorption for: ventilation, protection, light weight and flexibility.

Soft torso protectors conform to the body, two viscoelastic layers are constrained by semi-rigid outer biofoam, for more impact-absorbing protection, better fitting and durability in use.

Removable shoulder and elbow protectors, are attached to sleeves of perforated stretch fabric, designed to provide high breathability and adherence to the arms. The sleeves themselves attach to the shoulder straps of the body armour, which leaves the sides free of fabric to increase heat exchange and breathability.

The low thickness and softness of the torso and back protection are designed for neck-brace use

EN 17092-6:2020 referring to Protective clothing for motorcyclists.

BACK PROTECTOR certified EN 1621-2:2014 level 1

SHOULDER AND ELBOW PROTECTION certified EN 1621-1:2012 level 1

FRONT certified EN 1621-3:2018 level 1

HD biofoam protectors with EVA padding on chest and back. Memory foam shoulder and elbow protectors for high shock absorption.

Breathability provided by perforated high-intensity biofoam and fabric underneath also perforated.

Side closures via Velcro and Velcro waist band.

Side adjustments via elastic bands and waist band.

A logo insert on front and back protectors. TPR Acerbis logo on back and Acerbis logo on TPR side velcro.

0024510.318

FEATURES

MANUFACTURING AND DESIGN:

Innovative nest-texture for plastic parts: ventilation, protection, light weight

Plastic plates adapting to the body, fitted on soft biofoam, for a better shock-absorbing protection and body-fitting

The innovative design combines the light weight/ventilation of a cross chest protector and a body armour protection: the shoulder and elbow protectors are fitted on sleeves of perforated stretch fabric, designed to guarantee high breathability and adherence to the arms. The sleeves themselves are attached to the padded shoulder straps of the chest protector, leaving the ribs free of fabric to increase heat exchange and breathability

Waist elastic band

Removable back and front protection to accommodate the neck-brace

Adaptability to different body sizes thanks to adjustments on the sides and waistband

BODY PROTECTION

Chest protection with EN 1621-3 LEVEL 2 approval

Back protector with EN 1621-2 CE LEVEL 2 approval

Shoulder and elbow protection extended in soft material with EN 1621-1 approval

Semi-rigid rib protectors with stone shield approval EN 14021:2003

PRODUCT DETAILS

**PLASMA BODY
ARMOUR LEVEL 2**
0024515

0024515.318

FEATURES

MANUFACTURING AND DESIGN:

Innovative multi-layer soft materials with high impact absorption: ventilation, protection, lightness, and flexibility

The soft torso protectors adapt to the body, three viscoelastic layers are bound by semi-rigid external biofoam, providing better shock absorbing protection, fitting and wear resistance

The innovative design combines the versatility of a cross chest protector and the extended and enhanced protection of a body armour: the removable shoulder and elbow protectors, are fitted with perforated stretch fabric sleeves, designed to ensure high breathability and adherence to the arms. The sleeves themselves are attached to the padded shoulder straps of the chest protector, leaving the ribs free of fabric to increase heat exchange and breathability

Waist elastic band

The low thickness and the softness of the torso and back protection are designed to accommodate the neck-brace

Adaptability to different body sizes thanks to elastic adjustments on the sides and waistband

BODY PROTECTION

Chest protection with EN 1621-3 CE LEVEL 2 approval

Back protector with EN 1621-2 CE LEVEL 2 approval

Shoulder and elbow protection extended in soft material with EN 1621-1 CE LEVEL 2 approval

Padded rib protection

**BLAZAR BACK
PROTECTOR**
0024526

0024526.318

FEATURES

The soft back protection in memory foam adapts to the body: the viscoelastic technology provides a better shock-absorbent protection and better fitting.

There are large openings on the back protector that guarantee ventilation, lightness and flexibility.

The innovative design combines the versatility of a soft and flexible back with an additional, increased level of protection, enclosed on the outside by a perforated elastic fabric offering excellent durability over time. A highly breathable 3D mesh is in contact with the back to provide optimal comfort even in the hottest seasons

Perforated waistband with elastics on the hips.

Adaptability to different body sizes thanks to elastic adjustments on the shoulders and waistband

The design, is suitable for both female and male anatomy, excellent for motor sports, cycling, horse riding, winter sports and in all those situations where a higher level of protection is required.
